4. Complete **all** Sections A through J if this is a new waste treatment facility or if capital changes have been made to an existing facility during the previous calendar year. You may request additional forms from the Wisconsin Department of Revenue at the address stated above.

SPECIFIC

Section D, Column 1. To expedite review, write an accurate description of the property, **sufficient** to enable physical and functional identification of the waste

If any of the facilities' prior years incremental costs were included on an "Application for Exemption of Waste Treatment Facility" (Form PA-008) filed in a prior year, identify that form by the appropriate reference page number, etc., in Column 2. If the facilities' prior years cost was construction work in progress, state C.W.I.P. also in Column 2.

Record this number on Schedule A, UT-009 in the upper left corner.
